Introduction Exilite Management

Exilite Management is a black owned company which operates in all areas of the construction industry. The company is registered to undertake projects in Electrical, Mechanical, Civil and General building projects.

Exilite Management was started as the construction wing of Exilite consulting by the same owners. The purpose was to bridge construction and design practices in order to give the clients the best possible results.

COMPANY HISTORY

Exilite was established in 2018, to respond to the country's need for speedy implementation of infrastructure projects. It operates in the built and construction environment.

Exilite provides a foundation for a high-performance culture which is inculcated through an integrated operating system that encompasses the company's core values, policies and processes used to conduct business.

To ensure that the work is carried out according to sound industry standards, the company has developed a management system that is based on ISO 9001, with the goal of achieving ISO 9001 accreditation in the near future. To this end, the company continually measures, assesses these systems in order to improve performance.

VISION STATEMENT

To be amongst the leaders in the construction industry, creating employment and always seeking opportunities for growth and reinvention to suit our Clients' needs.

MISSION STATEMENT

To provide quality, value-added services to our Clients by creating lasting partnerships through open communication which is guided by engineering and construction processes.

CORE VALUES

- Performance
- Accountability
- Integrity
- Dependability

Exilite builds lasting professional relationships with its Clients through the timely delivery of projects through concerted efforts of every team member, thus ensuring repeat and referral business achieved through customer satisfaction.
